Pre-Flight Preparations

Before your flight

- We recommend informing your airline in advance that you will be traveling with a mobility device.
- This document includes the product and battery information, as well as the available supporting safety and compliance documentation for your mobility device.

Please remember

- Keep the battery documentation available and follow your airline's instructions regarding the handling and transportation of the battery.
- The mobility device may be inspected or prepared for transportation by the airline or airport staff.
- We recommend placing a **“FRAGILE”** label in English on the mobility device where appropriate.
- Airline requirements may vary. Additional documentation or preparation may be required depending on the airline and the mobility device.
